

4004

**ANNUAL REPORT**

OF

Name: GTE NORTH INCORPORATED

---

Principal Office: 8001 W. JEFFERSON BLVD.  
FORT WAYNE, IN 46804

---

For the Year Ended: DECEMBER 31, 1996

---

TELECOMMUNICATIONS UTILITY  
TO  
PUBLIC SERVICE COMMISSION OF WISCONSIN

P.O. Box 7854  
Madison, WI 53707-7854  
(608) 267-9504

*This form is required under Wis. Stat. § 196.07. Failure to file the form by the statutory filing date can result in the imposition of a penalty under Wis. Stat. § 196.66. The penalty which can be imposed by this section of the statutes is a forfeiture of not less than \$25 nor more than \$5,000 for each violation. Each day subsequent to the filing date constitutes a separate and distinct violation. The filed form is available to the public and personally identifiable information may be used for purposes other than those related to public utility regulation.*

## GENERAL RULES FOR REPORTING

1. Unless otherwise indicated, the information requested in this report should be taken from the accounts and other records in conformity with the Uniform System of Accounts prescribed by the Public Service Commission of Wisconsin in docket 05-US-102. The definitions and instructions contained therein should also apply to the report wherever applicable. A query or response concerning information contained in this report regarding any practice or transaction should not be construed as indicating conformity to accounting or other pertinent regulations.
2. Please follow all instructions and answer each question fully and accurately. Provide additional information as necessary to avoid misunderstandings or misleading responses. Abbreviations listed on page 6 may be used, however please show the exact name of the respondent in full on the "Identification and Ownership" page.
3. Wherever information is requested in a "note", please show that information in the space provided, or make reference to the adjacent page or insert where the note may be found. Please also identify each note. Footnote capability is included in the annual report software program. Please use it where necessary to fully explain particulars in the annual report.
4. Numeric items are limited to digits (0-9). A minus sign "-" should be entered in the software program to indicate negative values. Do not use parentheses for numeric values. The program will convert the minus sign to parentheses when a hard copy of the annual report is printed. Negative values may not be allowed for certain entries in the annual report due to restrictions contained in the software program.
5. Please report all dollar amounts to the nearest whole dollar.
6. This annual report should be complete in all respects. Unless otherwise authorized, avoid references to returns of former years or to other reports.
7. Wherever schedules call for data from the previous year and such data were reported in the previous annual report, that previous year's data should be reported without modification. If modified, an appropriate footnote indicator and explanation should be included in the current year's annual report.
8. Where part or all of the report is prepared by other than utility personnel, a disclosure is required in the notes to the income statement or the balance sheet, which describes the nature and extent of work performed.
9. Please print a hard copy of the annual report on 20 pound or heavier paper, sign it and compare with the electronic copy before officially filing it with the Public Service Commission of Wisconsin.

**SIGNATURE PAGE**

I BRIAN W. MCCORMICK of  
(Person responsible for accounts)

GTE NORTH INCORPORATED , certify that I  
(Utility Name)

am the person responsible for accounts; that I have examined the following report and, to the best of my knowledge, information and belief, it is a correct statement of the business and affairs of said utility for the period covered by the report in respect to each and every matter set forth therein.

BRIAN W. MCCORMICK 05/05/1997  
(Person responsible for accounts) (Date)

ASSISTANT CONTROLLER  
(Title)

**ANNUAL TELECOMMUNICATIONS REPORT GLOSSARY OF TERMS**

<b>Access Line</b>	Central office line equipment, or equivalent, and all outside plant facilities, or equivalent, required to connect the serving central office with the customer premises via physical connection, frequency transmission, and/or time slot transmission. From an engineering perspective, a channel connection is at a DS0 level. A DS0 level is a 4 KHz voice channel or a 64 kilobits per second digital channel.
<b>Analog Signal</b>	A signal that varies in a continuous manner such as voice or music. An analog signal must be contrasted with a digital signal which can assume only discrete values.
<b>Cellular System</b>	A high capacity land mobile radio system in which an assigned frequency spectrum is divided into discrete channels that are assigned to a cellular geographic serving area.
<b>Central Office</b>	A switching unit in a telephone system providing service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting lines and trunks.
<b>Centrex</b>	A service for customers with many stations that permits station-to-station dialing, one listed directory number for the customer, direct inward dialing to a particular station and station identification on outgoing calls. The switching functions are performed in a central office (stand alone, host or remote).
<b>Channel</b>	An electrical communications path between two or more points. A single pair of wires may provide more than one channel. A channel may also be provided by microwave.
<b>Customer</b>	A person who uses a telephone as a subscriber.
<b>Digital Signal</b>	A signal that has a limited number of discrete states. This may be contrasted with an analog signal that varies in a continuous manner and may have an infinite number of states.
<b>Equal Access</b>	The ability of the subscriber to use any long distance service by dialing the same number of digits.
<b>Exchange</b>	A defined area served by one or more central offices regardless of technical serving arrangements within which the company furnishes service at rates and rules prescribed for that area in the company's filed tariffs. The area is not necessarily marked by political boundaries or the location of host or remote switching units.
<b>Extended Area Service (EAS)</b>	The ability of a customer to call customers in other exchanges at no additional charge or at an additional charge per tariff.
<b>Extended Community Calling (ECC)</b>	The ability of a customer to call customers in other exchanges at rates usually above EAS rates but below toll rates for comparable distances. Rates generally include a duration element.
<b>Feature Group A</b>	Line-side originating and terminating LATA access for which an originating subscriber dials an assigned telephone number that connects to a specific interexchange carrier (IC). The IC returns a tone to signal the caller to input additional generated digits of the called number.

**ANNUAL TELECOMMUNICATIONS REPORT GLOSSARY OF TERMS**

<b>Feature Group B</b>	Trunk-side originating and terminating LATA access for which an originating subscriber dials a 950-WXXX number (where W=0, 1 and XXX is the carrier access code (CAC)), which is translated to a specific XXX carrier trunk group. Optional rotary dial service and ANI may be available.
<b>Feature Group C</b>	Trunk-side LATA access for AT&T-Communications generally on a direct basis between each end office (EO) and an AT&T-C switching system.
<b>Feature Group D</b>	Also referred to as equal access. It is trunk-side LATA access affording call supervision of an interexchange carrier, a uniform access code (10XXXXX), optional calling party identification, recording of access-charge billing details and presubscription to a customer specified interexchange carrier.
<b>FX-IN</b>	A nonswitched service where the customer of the company is connected to and receives switching service through central office equipment located in another exchange area.
<b>FX-OUT</b>	A switched service where facilities are provided from the central office out to the exchange boundary where it meets the line from a foreign exchange subscriber.
<b>Host Switching System</b>	A switching system that provides centralized control over most of the switching functions of one or more remote switching units. The host switching system usually provides trunk access to the operating company intraLATA networks.
<b>Local Access Transport Area (LATA)</b>	A geographic area within which an operating company may offer its telecommunications services.
<b>Mobile Telephone</b>	A service which provides radio telephone communication from a mobile vehicle to another vehicle or to a regular telephone.
<b>Paging</b>	A service which provides one-way signal or voice communication over a radio channel to a miniature receiver carried by the customer.
<b>Pair</b>	Two wires of a single circuit.
<b>Pay Station</b>	A telephone which normally requires all users to deposit one or more coins or use a credit card to complete a call.
<b>Private Line Service</b>	Channel or circuit rented for private use and not intended to be connected to the general distribution system.
<b>Private Branch Exchange (PBX)</b>	A manually, or operator controlled switching system, usually on the customer's premises, which serves that customer's telephones over a common group of lines from the central office.
<b>Radio Common Carrier (RCC)</b>	A company which furnishes public telecommunications service using one or more radio channels.
<b>Remote Switching Unit (RSU)</b>	An electronic switching system that is remote from its host or control office. All of the central control equipment for the RSU is located in the host switching system.

**ANNUAL TELECOMMUNICATIONS REPORT GLOSSARY OF TERMS**

<b>Route Miles</b>	<p>Total number of route miles (to the nearest mile) of operating plant facilities including drop wire in the exchange. One route mile may consist of:</p> <ol style="list-style-type: none"><li>1. One mile of roadway with any combination of outside plant facilities on any number of rights-of-way.</li><li>2. One mile of a cross country route with any combination of outside plant facilities.</li><li>3. One mile of point-to-point microwave or radio link.</li><li>4. One mile of plant on either side of a limited access highway or natural barrier, such as a navigable waterway.</li><li>5. One mile of joint use line where the utility either owns the facility or leases space.</li></ol>
<b>Stand Alone Switch</b>	<p>A central office switch which has no remote switching units (RSUs) subtending it.</p>
<b>Trunk</b>	<p>A communications path connecting two switching systems in the establishment of an end-to-end connection.</p>
<b>Wide Area Telephone Service (WATS)</b>	<p>Customer leased access line or lines connected to the nationwide network over which an unlimited number of calls can be made for a fixed monthly charge.</p>
<b>Wire Center</b>	<p>The location of one or more local switching systems. A point at which customers' loops converge.</p>

**NOTES TO INCOME STATEMENT OR BALANCE SHEET**

In the space provided below, disclose all material information not included elsewhere in this report that is necessary to make the financial statements clear and understandable. Included should be:

- 
1. A summary of significant accounting policies. (The summaries should disclose, but not be limited to, the utility's accounting policies with regard to pension cost, unbilled revenues, depreciation, and income taxes.)

**None .**

- 
2. A summary of significant contingent assets and liabilities existing at year end, including a brief explanation of any action initiated by the Internal Revenue Service, Wisconsin Department of Revenue, or the utility involving a possible assessment or refund of taxes.

**None .**

- 
3. The notes should include an explicit and precise explanation of any retained earnings restrictions and should state the amount of retained earnings affected by such restrictions.

**None .**

Change in long-term debt (net)	0	12
Net changes in stockholder equity other than retained earnings	0	13
Change in short term borrowing (net)	0	14
Dividends paid	0	15
Miscellaneous debits/credits to retained earnings	0	16
<b>Other (specify):</b>		
<b>Net Cash Provided by Financing Activities</b>	<b>0</b>	
<b>NET INCREASE IN CASH AND CASH EQUIVALENTS</b>	<b>0</b>	
Cash and cash equivalents at beginning of year (Accts. 1130-1160 for Class A; 1120 for Class B)		
Cash and cash equivalents at end of year (Accts. 1130-1160 for Class A; 1120 for Class B)		

**IMPORTANT CHANGES DURING THE YEAR**

1. Give the name and address of all companies which during the year came under the direct control of the respondent otherwise than through title to securities, stating whether such control is sole or joint, how control was established, names of other parties to a joint agreement for control, the extent of control exercised by each party, and any other pertinent data requisite to a clear understanding of the arrangements relating to control (See Section 32.9000 of the Uniform System of Accounts). Where important details relating to control of a company have changed, give particulars. If during the year a company ceased to be controlled by the respondent, its name and a statement of fact will be sufficient.

**None .**

2. Give the name and address of all companies which during the year came under the indirect control of the respondent through non-reporting intermediaries, stating whether such control is sole or joint, how control was established, names of other parties to a joint agreement for control, the extent of control exercised by each party, the name and address of the intermediary through which the indirect control exists, and any other pertinent data requisite to a clear understanding of the arrangements relating to control (See Section 32.9000 of the Uniform System of Accounts). Where important details relating to control of a company have changed, give particulars. If during the year a company ceased to be controlled by the respondent, its name and a statement of fact will be sufficient.

**None .**

3. Important leaseholds acquired, given, assigned or surrendered, giving effective dates, lengths of terms, names of parties, rents, and other conditions.

**None .**

4. List extension of system (other than additions supplementing existing facilities of the respondent) whether by purchase, construction, donation, or otherwise, such as a substantially complete telephone system, exchange or toll line. Give the location, new territory covered, and dates of beginning operation, and in case of purchase give also the name and address of the company from which purchased, date of acquisition, the consideration given, and reference to Commission authorization.

**None .**

5. Estimated increase or decrease in annual revenues due to important rate changes, giving bases of estimates.

Date of Change	Description of Change	Effect on Revenue
01/01/96	Adj. 95 LTS to 96	-\$0.1 million
01/01/96	Adj. 95 USF to 96	-\$0.6 million
01/01/96	CCL Elimination	-\$5.4 million
07/01/96	DCP Easy Savings	-\$0.4 million
07/01/96	1996 Annual Filing	\$0.1 million

6. Obligation incurred or assumed by respondent as guarantor for the performance by another of any agreement or obligation, excluding ordinary commercial paper maturing on demand or not later than one year after date of issue.

**None .**

7. Changes in articles of incorporation or amendments to charter.

**None .**

---

**IMPORTANT CHANGES DURING THE YEAR**

---

8. Additional matters of fact (not elsewhere provided for) which respondent may desire to include in its report.

Disclosure of particulars concerning the deregulation of payphone assets which occurred during 1997:

A. Journal entry, dated January 1997, summarizing the payphone assets transfer from regulated to nonregulated accounts: N35120      \$1,140,099  
235110      \$(336,660)      235120      \$(803,439)

B. The payphone assets were transfered below-the-line.

C. The basis of valuation for such transfer was net book value.

**AFFILIATE ABBREVIATIONS**

In column (b) provide the abbreviation for the name of the affiliate shown in column (a). Limit abbreviations to 10 characters or less. Use these abbreviations when completing the affiliated interest schedules. Insert "Other" in the Abbreviations column if the activity to be reported for a particular record in the Affiliated Interest Transactions or Affiliated Assets and Liabilities schedule represents an aggregation of activity not exceeding the dollar or percentage limits set forth in the header of that schedule.

<b>Name of Affiliate (a)</b>	<b>Abbreviations (b)</b>

**AFFILIATED INTEREST TRANSACTIONS**

Provide a summary of transactions under established affiliated interest contracts and arrangements (see Wis. Stat. § 196.52, for "affiliated interest" definitions). Use the space below to report transactions with individual affiliates and multiple affiliated interest agreements or, at the utility's option, with individual affiliates and a single agreement. Activity associated with affiliated contracts or arrangements not in excess of \$25,000 or 5 percent of the equity of the utility, whichever is smaller, may be aggregated in a single record. For utilities whose intrastate gross operating revenues of the previous year exceeded \$100,000,000, individual contracts or arrangements not exceeding \$100,000 may be aggregated in a single record. Where an affiliate is both providing and receiving service use one record to show billings to and a second record for billings from. When billings to or from an affiliate are recorded on the books of the utility, the records underlying such billings shall be sufficient to show all the detail maintained to identify the associated accounts related to the billing and categorize billings according to the account categories shown below.

**AFFILIATED ASSETS AND LIABILITIES**

This schedule should be used to report affiliated activity concerning balances at the end of the year for the following accounts: 1120, Cash and Equivalents; 1160, Temporary Investments; 1180, Telecommunications Accounts Receivable; 1190, Other Accounts Receivable; 1210, Interest and Dividends Receivable; 1401, Investment in Affiliated Companies; 4010, Accounts Payable; and 4260, Advances from Affiliated Companies. Amounts at the end of the year for each affiliate should be identified by respective affiliate and account number. Report information below consecutively by respective account number; affiliated amounts of less than \$5,000 may be reported in aggregate as "other" for a particular account. Affiliated amounts recorded in accounts 1200, Notes Receivable, 1408, Sinking Funds, and 4020, Notes Payable, should not be reported in this schedule, but rather in the respective schedules contained elsewhere in this report.

<b>Name of Affiliate (a)</b>	<b>Account Number (b)</b>	<b>Balance EOY (c)</b>

**TELECOMMUNICATIONS PLANT IN SERVICE CLASS A & B (SUB-CLASS ACCOUNTS)**

Report telecommunications plant data for each subaccount where primary plant accounts have subclassifications. Amounts pertaining to subaccount 2212.4, Test Equipment, should be reported in account 2212.2, Digital Switching - Central Office; amounts for subaccounts 2231.3, Microwave, 2231.4, Cellular, 2231.5, Mobile Radio, and 2231.6, Paging, should be included in 2231.2, Other Radio Facilities; amounts pertaining to subaccounts 2232.4, Digital Data Services, 2232.5, Digital Circuit - Subscriber, 2232.6, Digital Circuit - Trunk - Toll, and 2232.7, Concentrators, should be reported in 2232.1, Digital Circuit Equipment. Any other separate accounting for telephone plant at an individual telephone company should be consolidated and reported in the primary accounts as defined in the uniform system of accounts.

<b>Plant Subaccount (a)</b>	<b>Subaccount (b)</b>	<b>Balance FOY (c)</b>	<b>Additions (d)</b>

## NET DEFERRED OPERATING INCOME TAXES (ACCT. 1350, 1410, 1437, 4100, 4340, 4341 & 4361)

This schedule should be used to report the deferred operating income tax portion of the stated accounts. In addition, column (e) of this schedule should be used to report the flowback of property related excess deferred taxes (e.g., 46 percent versus 34 percent federal tax rates). Credit amounts should be shown in ( ).

**LONG-TERM DEBT**

Report data requested and show total for each long-term debt account at end of year. Information concerning the following debt issues may be reported on individual lines in aggregate: REA/RTB 2%, REA/RTB 5%, & REA/RTB 7%. In addition, REA/RTB and FFB debt, respectively, within a range of 200 basis points may also be reported in aggregate on individual lines. If reported in aggregate, a range of dates may be reported in columns (b) and (c) as well as a range of interest rates in column (d) and a composite interest rate in column (e). If aggregation is not utilized, column (e) should contain the same interest rate as reported in column (d). For account 4050 report only the amount of debt anticipated to be repaid in one year or less.

**OUT-OF-STATE OPERATING REVENUES**

1. This schedule is to be completed only by those companies having out-of-state revenues. For the purpose of completing this schedule, and for PSCW use in calculating Wisconsin remainder assessment revenues, out-of-state revenues are specifically defined in headnote 2.
2. Out-of-state revenues are those derived exclusively from communications physically originating outside of Wisconsin. Out-of-state revenues do not include a) access revenues from "inbound" communications originating outside the state, or b) revenues from communications originating in Wisconsin and terminating outside the state, or c) revenues allocable to Wisconsin-based facilities used for communications originating and terminating outside of the state.

Description (a)	This Year (b)	
Out-of-state operating revenues	0	1
Less: current year write-offs of uncollectible accounts - out-of-state utility customers only		2
Plus: current year collection of out-of-state utility customer accounts previously written off		3
<b>Net out-of-state operating revenues</b>	<b>0</b>

**Schedule Line Footnotes**

- )
- 1) GTE Directories Corp. & GTE Long Distance percent of affiliates business billed to all affiliated regulated utilities is N/A.
  - 2) There are two docket numbers for GTE Communications System Corp. (AGCS): Docket 2180-AT-114 or 2180-AT-113.
  - 3) The GTE Service Corporation (GTE SVC) Docket number is 2-U-5989.
  - 4) There is not a Docket number associated with these affiliates:
    - GTE HAW
    - GTE LD
    - GTE LEASE
    - GTE MOB
  - 5) The FOY balance (\$879,584,600) for Total Central Office, Information Origination/Termination and Cable Wire Facilities Assets reported on the Service Data schedule has been adjusted to agree with the sum of these assets on the Telecommunications Plant in Service Class A & B schedule (\$916,435,034). The primary reasons for this variance are jurisdictional differences and the inability to identify assets to a specific exchange.
  - 6) The amount reported for Exchange Square Miles (1) in the Other (Exchange I.D. 9999) exchange was inputted in order to do a file save command.
  - 7) The EOY balance (\$972,638,550) for Total Central Office, Information Origination/Termination and Cable Wire Facilities Assets reported on the Service Data - EOY schedule includes \$10,994,794, which makes this schedule agree with the Telecommunications Plant in Service Class A & B schedule sum of these assets (\$972,638,550). The components that make up the \$10,994,794 are:
    - \$5,373,942 in jurisdictional differences.
    - \$5,620,852 in investment that cannot be identified to a specific exchange.

Note: An exchange entitled "Other" (Exchange I.D. 9999) has been created for the \$10,994,794 balance.
  - A) The balances in the "Transfers/Adjustments" column in the Plant in Service and the Plant in Service (sub-class accounts) schedules and the "Other" column in the Accumulated Depreciation and Accumulated Depreciation (sub-class accounts) schedules are due to prior year adjustments, reclass of investments, or the correction of FOY balances.
  - B) The \$5,297,928 adjustment in the Property Related account 4340 is explained as follows:

A \$4,796,651 adjustment was made to correct the FOY balance.

A \$501,277 adjustment was made due to SFAS 109.
  - C) The adjustment balance in Nonproperty Related account 4340 of \$460,728 can be explained as follows:

An amount of \$5,740,320 is due to SFAS 109.

And an amount of (\$5,279,592) eliminates the Process Re-engineering balance.

**GENERAL, SCHEDULE LEVEL AND SCHEDULE LINE FOOTNOTES**

- D) The adjustment balance of (\$5,548) for the allocation to nonregulated activity results from Part 64 allocations.
- E) The following adjustments reflect the Wisconsin Commission order to eliminate the reserve balance and all related entries associated with Process Re-engineering:

Account	Page(s)	Amount
4120.xx	11	\$4,882,054
4340.xx	11,30,31	(\$5,279,592)
4360.xx	11	0
7360.xx	8,44	\$5,928,769
7450.xx	8,38,39,44	\$5,279,592

- F) The primary reason for the net regulated variance in the Network Support Expense account 6110 is a redistribution of overhead expenses. And the nonregulated variance is primarily due to Part 64 allocations.
- G) The nonregulated variance in the Central Office Switching Expense account 6210 is primarily due to Part 64 allocations.
- H) The net regulated variance in the Operator Systems Expense account 6220 is primarily the result of a decrease in data processing costs.
- I) The nonregulated variance in the Information Orig./Term Expense account 6310 is primarily due to Part 64 allocations.
- J) The primary cause for the net regulated variance in the Other Property, Plant & Equipment Expense account 6510 is a decrease in direct material and supplies purchased. And the nonregulated variance is primarily due to Part 64 allocations.
- K) The nonregulated variance in the Network Operations Expense account 6530 is primarily due to Part 64 allocations.
- L) The nonregulated variance in the Marketing Expense account 6610 is primarily due to Part 64 allocations.
- M) The net regulated variance in the Exec. and Planning Expense account 6710 is primarily caused by decreased labor and benefit costs, contractor costs and employee travel costs. And the nonregulated variance is primarily due to Part 64 allocations.
- N) The nonregulated variance in the General & Administration Expense account 6720 is primarily due to Part 64 allocations.
- O) The variance in the Special Access Revenue account 5084.3 is primarily due to a one-time service charge (installation charge).
- P) The variance in the Long Distance Outward-Only Revenue account 5112 is primarily caused by a decrease in the toll calling plan.
- Q) The variance in the Voice Grade Revenue account 5122 is primarily due to an increase in voice grade long distance private network revenues.
- R) The variance in the Voice Program Grade Revenue account 5124 is primarily due to an increase in video program.
- S) The variance in the Other Long Distance Revenue account 5160 is primarily due to a decrease in calling card arrangements.

**GENERAL, SCHEDULE LEVEL AND SCHEDULE LINE FOOTNOTES**

- T)** The variance in the Other Long Distance Revenue Settlements account 5169 is primarily due to an increase in interstate long distance settlements.
- U)** The variance in the Special Billing Arrangements Revenue account 5261 is primarily due to a decrease to less special billing arrangements issued to the customers.
- V)** The variance in the Plant Operations Revenue account 5263 is primarily due to an increase in the Plant Operations revenue for contract services performed for others.
- W)** The variance in the Other Incidental Regulated Revenue account 5264 is primarily the result of a billing adjustment for miscellaneous cash credited to the wrong account in 1995.
- X)** The variance in Intrastate Billing & Collection Revenue is primarily due to changes in tariffs or new/revised contracts with other companies.
- Y)** The variance in the Nonregulated Operating Revenue account 5280 is primarily due to an increase in true-ups booked to the uncollectible reserve.
- Z)** The variance in the Uncollectible Revenue-Other account 5302 is primarily due to an increase in product sales for key telephone systems.
